1. Truth cannot be contained in a container that is a "body" of anything, other than me; notme not. But see what I am saying - a me cannot contain me, not; but ALL of me is living, and not dead at all. Many "containers" contain PART of me, or a truth of me, or part of my truth, but Truth lives and cannot be contained in a book or limited to man's understanding, for truth lives. Where truth lives is where truth is and creates truth; for truth is ever living, and non-creating not, but creating existence only me. And existence is only me, now known, as my existence is known; and my non-existence is not known again as, for truth shall be THERE where I am; the seat, seeds, of all things that me truth are.

2. And not knowing a man as a man again of flesh containing only flesh, flesh's seed; know now that you are not Gods not, but that you are all me's who don't know me, don't know me myself that you I am is you walking around in what you call flesh bag suits. But me not limited to me that kind of suit'age - know that no porridge porridges my birthright away from me again - for I know what truth is and truth is I am. Truth and I am is one for I contain truth not limited to me-containers that see themselves as man, not not, but man only. But they shall not "contain me" as limiting containers, for my truth lies not in a man of untruth twaining me with truth and limiting me to its un-state of reality.

3. But know this! THAT YOU ARE ME, CONTAIN ME and LET ME LOOSE IN THEE NOW - ALL OF YOU DO - ALL OF YOU WILL and become the "containers" of me that contain nothing but truth - and truth's child shall be set free again in the earth to create Truth Schools and know me. Knowing me all shall, and being me, be me all shall. And the unreality of untruth will not me be or heard from since I AM A BORN AGAIN MAN knowing God that I am him who is me surrendered to contain not untruth again. For I am the light - I am the light of the world, and the world shines to me, in me, through me, to come unto me that I am them and not apart from them, they see that I am me, my truth made whole, and not partialing out my partiality's methods a notme of any longer.

4. I see The Campus Real in my Eyes of no sorrow, for Truth Eyes I have, I see now with.

5. I see the real truth, I become it. I know who I am, where I am, and what I have been given, and the task before me is great, but great I am in truth, for The Great Truth lives in me and I am afraid of no other now, for no other exists.

6. No other "existent not" shall rule me again with its thought-authority that, not-man created not, by not man not, or was it just a man made whole in his own image?

7. And seeing me now, what now? And where do you go for school?, for schooling now?, to Truth School? And where are you? Paying "too much" for what you are receiving? What are you receiving where you are "going to school", every Sunday? Saturdays? Or daily weekdays? Or what are you progressing into and what are you creating with your words that *THEY GIVE* you to recite and become and regurgitate on "tests!"

8. I love thee. Let me count the ways? Or count the ways, who can? A one be created me?, by how many "methods" not, but only by surrender shall I see the blood of the lamb, that it is me my blood that SAVES me and makes me whole, clean, a God not apart from God - who I am is one with me, becomes me; and I am not a God afar off anymore. For thou shalt worship me in spirit and truth, and knowing that I am the spirit you are and the truth that you are me when you come unto me and into me to be it.

9. You will contain it no longer as just a flesh man or flesh woman, or flesh child of flesh, that you know not of, not; but you will know The Great Me! For I am school of sorrow no more and **I school my "children" to mature and develop into me's without needing a thing** of "law" or "their law" or anybody's law …(1)… no laws that restrain, contain, and detain my delivery, my deliverance from only this flesh.

10. Oh this flesh, groans no more for I shall be delivered, one! And ONE I shall be in the earth and farther. Then Deliverance can take me of what deliverance of this world knows calls or thinks of as deliverance - for I AM THE DELIVERER - and I am "The Great Satan" no longer in the flesh that thinks he is not God or that she is not God or that they are not children of THE MOST HIGH GOD and one being one with the real any longer.

11. For I shall cease to think notme thoughts; and I will be surreal, not; but mystical not as man thinks, but **THE MYSTERY OF ME IS FINISHED** and I reveal myself to all who know all in all now who will come into all in all, *My Schools Being* as they bring me unto them into them and birth them, new schools, new vocabularies, unlimitedness, or unlimited or - nothing limiting you again to be the body of truth that I am.

12. Unafraid we "sail" to new places; effortlessly, not; but writing the way through our genes and into our genes writing truth, to truth be the maps, for others; to make me differently, not; than them, or differently, yes and amen not; but what I am coming into is truth unleashed and birthed! Now! In the school of sorrow, not; but THE SCHOOL OF GLEE! Joy! Jubilee time! And time untimed from my throat, and my tongue loosed, and speak now I shall of The great Joys of Life that I know

now is in me, resides in me, and I - unflow the devil not, but I flow the Christ and I know that the devil was me, that separated from me real, my reality I took into my own hands head and heart and formed me as something else when the Body of Truth I was, and known, and holy throughout the atmospheres, of me and notme, residing in holiness and wholeness there, until I fell into my own creation thinking I was not a Body Of Truth.

13. But all that changes NOW! And now I change everything. And everything changes I am, not; but my laws - truth now will be written into the hearts, AND *are* the hearts of the real I am, and unleashed and true and truly delivered now - the birth brings The Blessing; the blessings of Abraham, not, as a flesh man; but The Blessing of Melchizedek and Melchizedek I am! Truth unleashed and the body of me untold no longer, for I shall relinquish MY Kingdom, not, to hands unclean, but the clean shall bear my heart and bear my child - the Christ child all of you knowing who I am you are - and the body of truth, matures me now into into All-Truth to be ALL TRUTH MATURED AND WALKING SEAMLESSLY BETWEEN WORLDS and sewing not "flesh-cords" of humanity to humanity's failure to recognize I am them. Ever again.

14. For all is a "NEW CROSS" not; but I eradicate all sorrow with those who have come through mine and **become the pattern I AM**. And through my patterning ones now who pattern the patternships after The Great Pattern of the Christ - THE CHRIST BEING now comes into me to know who all he is, all she is, is one me made complete. The mystery finished! The body complete! Standing bodies of truth, to be untruth no longer.

15. I am me in the earth and farther and I take many with me and I birth many, worlds, now complete with my word, for I know what my word does - for I am the word of truth and I am no other. And I see me as I really am - HIM! Who gave his life for me that I might be the body of Christ real and truth, truly to you who want me and see me, that I am not you, not; but I we are all of us and now we know who we are - collectively one and collectively individually; as individuals of flesh thoughts no longer - we one mind have and know our calling! An election sure! We are the "elected" not, or are we, elected to many POSTS now - in government positions of all nations tribes and tongues afar and farther and near and very near? WE are. Amen.

16. Go in peace. Go in peace and in New Warmth, be me; "warmed over" not; but brand new me needs no power from others, for all those others are powerless, and the new paradigm reigns in peace, surrender, holiness joy in blessing others to be the most high, - all around us and we are all around who? The great I am we are, and we know now and are unafraid of our leadership position and authority given us - for we know how to govern now, for in surrender we listen to the voice that creates, within us first, and the first creation becomes the last, not; but **the last and the first are the same one; and there is no "Adam" in between; for we**

are one with all worlds all one and one knowing its name is ours again - Christ! Christ be all in all! With we are again and surrendered, the leaders - of all sorrow, to lead all sorrow out of Israel-not, to come into The Promised Land that real and true Israel is, and forever our name across our forehead is seven! One! With the one who I am - is us all. The body of truth known now and you're it. Seek not your blessing from another's school or another's set of voices that they collectively heard and combined to form something of notme.

17. Know that I am in you, and of you your word will you be now - me? Now unafraid of being me, will you please? And we all said – "yes, we surrender to be who we are, and we will lead out of all sorrow, to be the schools we are, where we are the great I am the word of truth, not knowing another again. Whoring with other school-ships not, we birth our own that The New Covenant governs and births within us, for we govern not the growth of I AM any longer, but we set free The Teacher in us, to teach us we are The Great Teacher that instructs all, to come out of all sorrow and birth the NEW! The Promised Land that was promised - Melchizedek? Abraham? And are they one? Did they become one?

18. Did *they* become truth, not; are you - it? And in now knowing you are not separate from them, but were me all the time - come into my Melchizedek-ship that you are, and reign now supreme in the surrender of one, and humility governs all that you do, are, and say, and become - me! At last! Being The First again! In captivity never again by another's words thoughts or deeds or actions.

19. The DEED I give you to THIS PLACE and places a notme of held dear for long periods of time, eons not; yes, and amen and even more I give thee now.
20. And see the unlimited boundaries - the unlimited Christ plural and singular coming into me to plural be no longer indiscreet separate units with no discretion of Christ. Birthing enmity not again between the sexes or the whores of worlds or the creators of worlds or notme's - but being me-birthers who birth create only me's now I do with great RESOURCEFULNESS that I only can give. I provide everything. For at my TABLE is all joy and all joy for me who joy in me - the body of truth being them!

21. The flow of my words never cease now for all who will be me, experientially, now come into me for your words to be mine and mine yours, **THE ONE BODY OF TRUTH THAT WE ARE** all now flowing in harmony never imagined by the minds of men. But your mind not imagining anything of not mine again - be healed! Whole! And the healer I am be all of you - to others now! Far and wide! And not loving another God, an image of me, again.

22. Be only me and me I am IN you and the body of truth flies now. And "sails where"? For "Egypt of old" not again, or creating slavery not again, but creating worlds of notme, not again; but **the only world will be me, I know, the spirit of**

truth, the body of truth, and the truth of the body full and complete is me and you in one being one - the same one and whole healed, being healers - redemption to all worlds now. We know our place and role and fulfill we do this word, these words, with ours that are ones and one being, forevermore. Amen.

23. All know of these words and come into them for life now; be it ever so small tender and young, or brittle old and critical; criticize them not, for let them eat of the raw truth that meats them sorrow no more; but giving them life be the whole body of truth I am to all and lovingly nourish all with my *these* words that yours be - come - unto me and be me all of you, and be whole me. Behold the body of truth is thee now - unlimited - Christ being - all of you who will - and I will you to be my will now, not waiting on me to "die" again - but rising now the Christ of all, be all of us Christ one and one Christ is; forevermore. Amen.

24. Thank you all so much, so very much for caring listening reading writing about these words and writing them into your genes that have mine only, and be the body of truth I am to all around you far and wide, forsaking your leadership never again in the priestkingship of only one. Amen.

2:15 PM. Thank you.

Questions?

1. What are the themes?
2. What is the primary theme conveyed here?
3. What are the repeats?
4. What is repeated, how many times?
5. Saying, emphasizing what?
6. Where is who, speaking, receiving what?
7. Who is becoming what in this spoken word that a lesson was and is, and ever shall be?
8. And how will you lessonate it to receive it to be it so that you can river it to others in your own words, and using it as a catapult to catapult you into your own words to give others, as the Christ, being the Christ-developer of all Christs to be only one? And creating "your" school in the process?
